My predecessor, Mr. W.Scott Brown inspected the in charge of the Sub Collector, Hospet on 30-11-1938 A.N found the following two tents as unserviceable and recom them for condemnation. I agree with him.

Sowarpal tent.- This tent is in a dilapidated st and quite useless. The Conservator of Forests , Bellary reports that it was first supplied on 16-12-1921, and th therefore served its normal period of usefulness of 10 y

The three-roomed tent.- It is of very old fashi style of tent and must be very old. It is in a very bad condition. Its repair is estimated to cost Rs.88-8-3 an will only be a patchwork when finished and may soon requ repairs again. The date of its first supply is not avai in this office.

2. I consider both the tents as unserviceable an recommend their condemnation. The sowarpal tent need no replaced. As a tent in place of the three-roomed tent i necessary, I request that it may be ~~considered~~ condemned and replaced by a spare one if available or a new one supplied.

Tents - Government - tents - (Bellary) Hospet Division - supply - particulars - furnished.

Ref: Board's Ref. P. 682-39-1 dated 21-3-1939.

The Revenue Divisional Officer, Hospet has used the tents kept at Hospet once in 1938. It has cost Rs. 10/- to transport it on that occasion. The transport of tents from Bellary to Hospet and back whenever required by the Revenue Divisional Officer, Hospet would generally cost more. As the cost of the tents is not known, it is not possible to state whether their transport charges from Bellary to Hospet and back, whenever required by the Revenue Divisional Officer, Hospet, would exceed the cost of supply of a separate set of tents for his use. As a number of villages and most of the Forest Panchayats in Hospet Division are in the interior of the taluks and without proper halting accommodation for inspecting officers, I am of opinion that a separate set of tents is necessary for the use of the Revenue Divisional Officer, Hospet for his tour in his Division and recommend that a set may be retained at that place.

The Board's exchange reminder dated 22-5-1939 is enclosed.

Board's Mis. 1352/ dated 17-5-1939.
Board's Ref.No.P.682/39-3 dated 20-6-1938.

A list of tents maintained in this District with their description and size is enclosed. Of the Collector's set, the Buchoba and the Servants Pal require replacement within the next three years. Except the necessary tent of the Sub Collector, all the other tents require replacement within the next three years. In fact, they require replacement immediately. The Sowarpal is a mass of tatters and is absolutely useless as already reported and may be condemned, and need not be replaced. The Servants tent is full of patches, while the three-round tent is no better. Its outerfly is bad and weak in many places and the bamboo poles are cracked. On the whole, I think the Revenue Divisional Officer, Hospet should have a set of three tents - one for himself, one for servants and a necessary tent. The last is available and the other two require to be replaced.

This will be considered along with the main question relating to the disposal of allotted 38 new tents &c.,

A statement showing the particulars called for in G.O. Ms. 459 Revenue dated 27-2-1937 is enclosed. Had only three tents been maintained as recommended in this office Ref. 2682/38 A-4 dated 27-6-1939 the cost of their maintenance would have been Rs. 39/- and the cost of a single transport Rs. 17/-. It is probable that the Sub Collector may use the tents at least twice a year, in which case the cost of supply of a separate set of three tents only, will be approximately equal to the cost of their transport twice from Bellary to Hospet and back. For the reasons stated in this office Ref. 2682/38 A-4 dated 24-5-1939, I recommend that a separate set of tents on the scale recommended in this office Ref. 2682/38 A-4 dated 27-6-1939 may be supplied for the use of the Sub Collector.

The tents being second hand, their normal life is 5 years.

The cost of the tents per annum therefore was 378 ÷ 5 = 75.6 or Rs. 76/-

The maintenance charges incurred for the year 1937-38 and 1938-39 was Rs. 30.

Per year it comes to 30/2 or Rs. 15/-

The total cost of maintaining a separate set of tents at Hospet for the use of the Sub Collector, was

Rs. 76/- + Rs. 15/- = Rs. 91/-

The cost of transport of the tents once from Bellary to Hospet and back would have been Rs. 11/- plus Rs. 11/- i.e. Rs. 22/-

The cost of maintenance of a separate set of tents (four) for the use of the Sub Collector would have cost more than their transport charges from Bellary to Hospet and back.

2f In their order No. Ms. 459 Revenue Dated 27-2-37 the Government sanctioned the reallocation of tents at the Bellary and Hospet centres. and directed that the retention of tents at Hospet should be reconsidered at the end of 2 years. If it is found necessary to retain them, they called for a report on the following points:-

(1) the number of times the Sub Collector Hospet used the tents in a year.

& (2) whether the transport of the required number of tents from Bellary and back when

ff 223-225 & 188

requisitioned by the Sub Collector would have cost more than the supply of a separate set of tents for his use. The cost of supply comprising the capital cost of the tents spread over their normal life, and the recurring annual maintenance charges thereon. The Collector's letter purports to have been submitted in pursuance of the BP communicating the GO quoted above. The Collector recommends that 2 out of 4 tents allotted should be condemned and that it is sufficient if one of them (The three remaining) is replaced by a new one. He has not however furnished information on the points called for by GOMS. This reports is necessary to decide whether any of the tents should at all be retained. The Collector may be requested to furnish information on the points raised in the GO at page 225 ante of BP. no. 963 is dy 22.3.37

The notes at pages 1-3 ante may be read.

2 The question is whether it is necessary to continue the retention of the four tents which are noted in the margin ② which have been kept at Hospet as a temporary measure. The Collector reports that the Revenue Divisional officer, Hospet, used the tents once in 1938. He however ~~recommends~~ Considers that tents are necessary at Hospet as a number of villages in the interior of the taluks and without proper halting

and most of the Forest Panchayats in Hospet Division are

accommodation for inspecting officers.

As the cost of the tents is not known, it is not possible to furnish the information required by Government regarding the comparative cost of transport between tents from Bellary to Hospet, and the purchase & supply of a separate set of tents. £225 c/f

In the circumstances it is for orders whether the Board may agree to the construction of the tents at Hospet.

2/ In the letter at p. 1 c/f the Collector reports that two out of the four tents are unserviceable, but that one of them, the three roomed tent, only may be replaced. In his letter at page 9 c/f the Collector is of opinion that a set of tents is required at Hospet. It is not clear whether ~~a full set of tents big b is required or only~~ the three tents referred to in his first letter or any more tents. This point may be cleared by a reference to the Collector. [Question regarding the particulars tents that should replace the 3 roomed tent may be considered on receipt of reports called for regarding the condition of all allotted & surplus tents in the districts.]

2) The Collector states that three tents are sufficient for the use of the Sub Collector Hospet. ~~The Collector~~ He reported that as the cost of the tents is not known it is not possible to state whether transport charges from Bellary to Hospet and back whenever required by the Revenue Divisional Officer would exceed the cost of supply of a separate set of tents for his use. ~~In this connection~~ It is submitted that the Collector was first allotted 6 tents and he had also with him 3 supply tents ~~Surplus~~. In 1936 the Collector reported that it would be sufficient if 5 tents were kept at Bellary and the remaining 4 tents at Hospet. At some of the tents

~~Having~~ the same persons have been allotted both to the Collector and the Sub Collector, it is not possible to say exactly from which offices the lands kept at Hospet were purchased and their prices are not therefore ascertainable definitely now easily. The Collector may be requested to trace the connected records in the offices regarding the particular lands at Hospet purchased from the offices and the offices from whom they were purchased and ascertain their prices from these records & furnish the information called for in clause ii of para 2 of GO No 96 459 Rev. dy 27.2.37. Perhaps a clear self-contained note for my orders. The matter is drifting. 28/8

To I A. Please see Secretary's remarks at p. 7 n/s.

The Collector of Bellary had the following tents (both allotted and surplus) at Bellary:

(1) Swiss Cottage	...	1
(2) Three roomed tent		1
(3) Mess tent	...	1
(4) Servants tents	...	2
(5) Sowar Pal	...	1
(6) Necessary tents	...	2
(7) Bichoba	...	1
		9

In 1936 he reported that the Sub Collector, Hospet, had to inspect about 36 Forest Panchayats in his division every year and a number of vanka porambokes for submitting transfer proposals to ayan and that some of the villages in the interior could not easily be reached. The Collector therefore considered it absolutely necessary that the Sub Collector should have one set of tents for his exclusive use for touring. He proposed the transfer out of the above tents the following to the Hospet Division:

(1) Three roomed tent	...	1
(2) Sowar Pal	...	1
(3) Servants tent	...	1
(4) Necessary tent	...	1
		4

The Board recommended the above proposal to Government. and they approved it as an experimental measure for 2 years and directed that further retention of them at Hospet should be reconsidered at the end of that period on receipt of a further report on the following points:

(1) the number of times the Sub Collector, Hospet, used the tent in a year

and (2) whether the transport of the required number

number of bullocks from Bellary and back when requisitioned by the Sub Collector would have cost more than the supply of a separate set of tents for his use, the cost of supply comprising the capital cost of the tents spread over the normal life and the recurring annual maintenance charges incurred.

2. The Collector has submitted his report. He is of opinion that a separate set of tents is necessary for the use of the Sub Collector, Hospet, for his tour in his division as a number of villages and most of the Forest Panchayats in the division are in the interior of the taluks and without proper halting accommodation for inspecting officers. The Collector has ~~pointed~~ pointed out that 3 tents will suffice instead of 4 previously sanctioned. The Collector did not, however, furnish the information required by Government regarding the comparative cost of ~~transport~~ carrying of tents ~~between~~ at Bellary and Hospet, as he said that the cost of the tents was not known. The records in this office were looked into and they do not throw sufficient light on the point. The Collector has been requested to examine the records in his office and submit a clear report on the financial aspect called for by Government.

In reply to an exchange reminder, the Collector has promised to send his report by 1-9-39. The Govt. may be informed that the Collector has promised to send his report by 1-9-39 and that the Board's report will be submitted to them on receipt of his reply.

P223 of (A)

In their order No 1(3).459 Revenue dated 27th February 1937 the Govt. sanctioned the maintenance of the tents noted in the margin at Hospet centre and directed that, should it be considered necessary to continue the tents at Hospet at the end of 2 years, a report on the following points should be submitted:-

Hospet centre
Horse mounted tent
Sowar Pal
Servants tent
Necessary tent

(1) the number of times the Sub Collector, Hospet, used the tents in a year

(2) whether the transport of the required number of tents from Bellary and back when requisitioned by the Sub Collector would have cost more than the supply of a separate set of tents for his use - the cost of supply comprising the capital cost of the tents spread over their normal life and the recurring annual maintenance charges incurred.

The Collector of Bellary has furnished the report called for in the G.O quoted above. — ff 27 & 29 c.

The Collector reports that the Sub Collector used the tents once in 1938. He considers that he may use the tents at least twice in a year. He, however, states that out of the four tents allotted 3 would do and that the Sowarpal tent need not be replaced. He recommends that 3 tents may be retained at Hospet for the reason ~~He is of opinion~~ that they are necessary for the use of the Sub Collector for his tour in his division as a number of villages and most of Forest Panchayats in the Division are in the interior of the taluks and without proper halting accommodation for inspecting officers. — f 9 c

f 9 c

As regards the financial aspect, viz the comparative cost of having tents at Bellary & Hospet called for by Govt. the Collector's report at ff 27 and 29 is for perusal. The cost of the three tents proposed to be retained at Hospet is Rs 39/-. The transport charges of the tents from Bellary would be Rs 34/-. The difference in cost is negligible. The Collector's proposal may be approved. For orders.
